

Palmetto Animal Hospital
2221 Second Loop RD
Florence, SC 29501

Dear client,

Palmetto Animal Hospital is always interested in making pet health care as affordable as possible. Pets Best health insurance has the best rates to help make your pets health coverage affordable. They offer a wide variety of benefits for your pet which includes: diagnostic testing, examinations, lab fees, prescriptions, hospitalization, X-rays, surgical procedures, and vaccinations. In addition, they also offer limited coverage for chiropractic care, acupuncture, hereditary conditions, pregnancies, behavioral conditions, burial, and cremation. Their policies cover thousands of medical problems and conditions related to accidents, emergencies, poisonings, and illness (including cancer). Pet health insurance increases your peace of mind knowing you can provide the very best care for your pet or pets.

The best time to insure your pet is before a medical problem arises, and they can be enrolled as early as their first visit! Pets Best vaccination & Routine Care Coverage helps pay for annual physical exams, vaccinations, heartworm protection, prescription flea control, spay/neuter, dental care, lab work procedures, and much more.

If an illness or an accident occurs, Care Credit may be added to pay for the initial treatment, and Pets Best will reimburse you after the claim has been filed.

To get started please call Pets Best at 1-(877)738-7237 or visit them on-line at www.petsbest.com. Bring peace of mind to your furry family by knowing their health care is covered!
